

We are located in the biggest Organized Industrial Zone in ANKARA, the capital city of Turkey.

LOCATION

Our factory is built on a 18.000 m2 area with a closed area of 8.000m2 + 2000m2.

AREA

We produce our products on European Standards. A Technical Data Sheet (TDS) is available to have a better understanding of our products' main properties.

QUALITY

We have our own standard but we easily optimize our packaging style according to our clients' needs.

PACKAGING

We use three different glues; for interior - exterior application and for our products. We supply the glues to our clients accordingly.

ADHESIVE

Normally our labels are inside of our molds. However, according to our clients' needs we have the ability to label our products with external operations.

LABELING

If you have your own design and special products. We are eager to sign NDA's to protect your privacy for long term collaborations.

PRIVACY & EXCLUSIVITY

In our factory we are able to make our own molds. Any product that you see in anywhere in the World, our team of experts are able to draw, design and produce it for you.

CUSTOM PRODUCTION
